Aard'g Kombuchas

We teamed up with two guys we met at TSH Collab in Amsterdam City who are super passionate about kombucha to deliver these 3 amazing products. They are organic, sugar free and a fantastic healthy addition to our winter menu.

Bloem Kombucha Brewed with fresh extracts of hibiscus, rosehip and tilia blossom. A beautiful bouquet of native and exotic flowers providing a surprising floral taste and a beautifully coloured kombucha.	5
--	---

Verse Citroen Kombucha Probably our most brisk kombucha currently on offer. It's brewed with fresh organic lemons — a wonderful seasonal product that makes it a great thirst quencher.	5
--	---

Levende Gember Limonade Officially not a kombucha, as it's single fermented instead of double. However, this living lemonade contains the same unique characteristics and properties as our kombucha — brewed with fresh ginger and turmeric, it's a true taste experience.	5
