

First some breakfast, then change the world.

Moyee coffee

At The Commons we want to serve you incredible coffee that doesn't just taste good, but also does good. While fairtrade is great, there's a big downside — it takes ages for the profits from producing coffee reach the developing country.

Our free-range eggs

We don't know what came first — the chicken or the egg — what we do know is that the first one was free-range. Our eggs are from local suppliers who let their happy chickens roam freely, resulting in some incredibly tasty eggs.

Is it time for breakfast yet?

Monday - Friday 07:00 'til 10:30

Saturday & Sunday 07:30 'til 11:00

Breakfast is served in The Commons.

That's why we partner with Moyee Coffee — it's produced in Ethiopia as part of their fair-chain programme. From harvesting the beans to roasting and selling them, the developing country makes more money every step of the way. And that's just how we like it.
