

Come as you are

We've never been more connected, yet disconnected. We spend hours tapping on smartphones, trading finger swipes for empty likes, to the loss of meaningful interactions. And that's exactly why we created The Commons.

We're more than a restaurant and bar. We're a space for genuine human connection, where the open-minded from all walks of life come to create memorable moments; to meet and socialise over great food, quality drinks and incredible design.

We care about our local community and work with regional suppliers whenever we can, creating unfussy comfort food with a conscience and crafting quality, seasonal dishes with love.
